### **Analysis**

The Police Services Act - Ontario Regulation 3/99 Adequacy and Effectiveness of Police Service - section 29 requires a Police Services Board to have a policy on arrest. In addition to the requirements of the Police Services Board, section 13(1)(j) requires the Chief of Police to establish procedures and processes in respect of arrest.

In order to meet the requirements of Provincial Adequacy Standards Regulations, the Regional Municipality of Niagara - Police Services Board enacted By-Law 197-2000 which contains provisions requiring the Chief of Police to report specific information in order to ensure compliance with the legislative guidelines.

This report is submitted to the Board pursuant to By-Law 197–2000 with subsequent reports annually to continue the reporting process. By-Law 197–2000, a By-Law respecting arrest details the requirements of Provincial Adequacy Standard Regulation LE-005-Arrest and specifies as follows:

- The Chief shall establish procedures on arrest that require compliance by Members with legal, constitutional, and case law relating to arrest and detention.
- The Chief shall ensure that the procedures on arrest include a procedure for search and seizure incidental to arrest.
- The Chief shall ensure that Police Officers and Members, as appropriate, are kept informed of changes in the law relating to arrest and detention.
- The Chief shall make a written report to the Board on or before August 30 of each year. The report shall include:
  - a) a summary of the written procedures regarding arrest; and
  - b) confirmation of compliance with procedures regarding arrest and detention.

In order to demonstrate compliance with legislative/regulatory requirements, operational procedures regarding Arrest are found in General Order 100.10 - Powers of Arrest. This Order provides specific detail on the authorization and requirements placed on Officers by the Charter of Rights and Freedoms, Criminal Code, Youth Criminal Justice Act, Common Law, Case Law, and various Provincial and Federal Statutes upon the arrest of individual(s). This Order was drafted and approved to comply with By-Law Number 197-2000 and Provincial Adequacy Standards Regulation LE-005 Arrest and reflects current Legislative, Constitutional, and Case Law authorities.

To ensure that this information remains current, this Order is reviewed on a bi-annual basis and was last modified on March 25, 2021. During the review section 3.27(c) was added which describes the current policy relating to the Warrant Execution Risk Assessment Checklist. The Order ensures that every officer who has obtained an Authorization to Enter a Dwelling for the purpose of effecting an arrest must complete and submit the checklist to the Staff Sergeant of the member's unit for approval. The checklist provides the Staff Sergeant with information needed to determine the proper level of response and potential involvement of the Emergency Task Unit. The checklist provides an extra layer of review when officers obtain an Authorization to Enter a Dwelling for the purpose of effecting an arrest which ensures that the Service is in compliance with current Legislative, Constitutional, and Case Law authorities.

The Order further describes circumstances when officers may conduct a search incident to the arrest and what items may be searched for. These searches include those conducted at the scene and/or when subjects are detained in custody.

It is the policy of the Service that all arrests comply with Legal, Constitutional and Case Law requirements. The arrest of persons is primarily performed by frontline officers. A standard by which the Service is able to measure its adherence to the Order is through judicial review. As noted in previous reports, consultation with the Niagara Crown Attorney revealed no concerns related to Charter of Rights infringements during arrests. This would indicate compliance with legislative procedures in relation to arrest. Further, the

limited challenges to arrest during the criminal process and/or through civil actions from defendants provide a basis of measurement for gauging the effectiveness of this policy.

The success achieved in matters relating to arrests can in part be attributed to the Service's ongoing emphasis on training as well as training bulletins. Issues surrounding powers of arrest and search incident to arrest are often part of the curriculum in training courses offered by the Service. To ensure adherence to established guidelines during arrest, training bulletins and annual training offer opportunities for a review of emerging legal issues associated to arrest and searches incident to arrest.

In addition to the training aspects associated to arrest, the Niagara Regional Police Service has posted detainee rights to counsel in all prisoner booking areas. The rights to counsel have been posted in both official languages.
